BUSINESS OF THE MEETING

AUDITED CONSOLIDATED FINANCIAL STATEMENTS

The audited consolidated financial statements of the Corporation for the financial year ended December 31, 2016 and the auditors' report thereon will be submitted to shareholders at the Meeting. Receipt at the Meeting of the Corporation's audited consolidated financial statements and the auditors' report thereon will not constitute approval or disapproval of any matters referred to therein. A copy of the audited consolidated financial statements and the auditors' report thereon has been mailed to shareholders who requested them and is also available on the Corporation's website at www.points.com and on SEDAR at www.sedar.com.

ELECTION OF DIRECTORS

The present term of office of each current director will expire immediately prior to the election of directors at the Meeting. The number of directors to be elected at the Meeting is nine. These directors will serve until the next annual meeting of shareholders or until a successor is elected or appointed. **Unless authority to do so is withheld, the shares represented by the proxies in favour of management proxyholders will be voted in favour of the election of the persons whose names appear below as directors of the Corporation.** Although the Board is not aware of any nominee who would be unwilling or unable to serve if elected, should any nominee be unwilling or unable to serve as a director of the Corporation, the persons named in the form of proxy reserve the right to nominate and vote for another nominee at their discretion.

The election of directors will be by individual voting and not by slate voting.

Majority Voting Policy

The Board has adopted a "majority voting policy" providing that in an uncontested election of directors, any nominee who receives a greater number of votes "withheld" than votes "for" will tender his or her resignation to the Chairman of the Board promptly following the Meeting. The Corporation's Human Resources and Corporate Governance Committee ("**HRCGC**") will consider the offer of resignation and will make a recommendation to the Board on whether to accept it. In considering whether or not to recommend acceptance of the resignation, the HRCGC will consider all factors deemed relevant by its members. The Board shall, in accordance with its fiduciary duties, determine whether to accept the resignation in light of any exceptional circumstances that would warrant the applicable director continuing to serve on the Board. The Board will make its final decision and announce it in a press release within 90 days following the Meeting. A director who tenders his or her resignation pursuant to this policy will not participate in any meeting of the Board or the HRCGC at which the resignation is considered.

Where the Board accepts the resignation of a director, the Board may, subject to applicable laws, the articles and by-laws of the Corporation and any previously-passed shareholder resolutions, exercise its discretion with respect to the resulting vacancy and may, without limitation, leave the vacancy unfilled until the next annual meeting of shareholders, fill the vacancy through the appointment of a new director, reduce the size of the Board (within the minimum and maximum number of directors fixed under the Corporation's articles) or call a special meeting of shareholders to elect a new nominee to fill the vacant position. If any director fails to tender his or her resignation as contemplated in the majority voting policy, the Board will not re-nominate that director at the next election.

Director Biographies

The following table provides certain background information with respect to each nominee for the Board. Detailed biographies for each director are provided below.

Eight of the nine current directors of the Corporation are being nominated for re-election to the Board. In determining how to fill the remaining vacancy, the Board engaged in discussions with Cannell Capital LLC (“**Cannell Capital**”), a holder of 857,624 common shares, representing approximately 5.8% of the outstanding common shares of the Corporation (based on December 31, 2016 filings made by Cannell Capital under applicable U.S. securities laws). As a result of such discussions and upon the recommendation of the HRCGC, the Board agreed to allow Cannell Capital to propose one nominee for election at the Meeting. Mr. Charles Gillman is such nominee.

EXECUTIVE COMPENSATION

Compensation Governance

The Board has oversight responsibility for the structure of the Corporation's compensation strategy as well as the total compensation of the members of the Board and the Chief Executive Officer of the Corporation. The HRCGC and its Chairman are appointed by the Board. Committee members meet regularly without any member of management present.

Risk Management

The Board has oversight responsibility for risks associated with the Corporation's compensation policies and practices as part of its broader risk oversight mandate. The HRCGC is responsible for identifying, assessing and ensuring the appropriate management of any risks created by the Corporation's compensation policies and practices. The Board exercises its oversight responsibility through an annual review and approval of the total compensation of the CEO of the Corporation and through review and approval of any changes in the structure of the Corporation's compensation strategy. The HRCGC exercises its risk assessment responsibility through an annual review of the form of the compensation of senior management of the Corporation, including the elements and quantum of such compensation.

The HRCGC has not identified any risks arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. In particular, the Corporation's compensation structure has been designed to ensure that employees do not take inappropriate or excessive risks. The Corporation's compensation structure contains a mix of long and short-term elements using a combination of annual base salary, annual cash bonus opportunities and long-term equity incentives. Annual cash bonuses are paid out on achievement of objective performance goals tied to corporate financial performance and individual operational goals that support achievement of the Corporation's business plan. The Corporation's long-term equity incentive program is in the form of time vested equity awards that encourage the creation of shareholder value by incenting management and employees to create sustainable growth.

Financial Instruments

Although the Corporation has not adopted a policy forbidding the named executive officers (as defined in Form 51-102F6 to National Instrument 51-102 and also referred to herein as the "NEOs") and directors from purchasing financial instruments relating to the Corporation's shares, the Corporation is not aware of any such person having entered into this type of transaction.

Executive Compensation Review

An Executive Compensation Review and Benchmarking was conducted by Willis Towers Watson ("WTW") in 2016. WTW were retained by the Corporation in September 2016 and the scope of services provided included a sampling of select 2016 proxy circulars of publicly traded North American companies of similar size to the Corporation (measured by revenue, market capitalization and earnings) in related industries (e.g., loyalty, technology). The sample group included the following companies: Mitel Networks Corporation, Enghouse Systems Ltd., Shopify Inc., The Descartes Systems Group Inc., Redknee Solutions Inc., Tucows Inc., Kinaxis Inc., Absolute Software Corporation, Monster Worldwide Inc., GrubHub Inc., Angies's List Inc., Etsy Inc. and RetailMeNot Inc. WTW also conducted a review of publically traded general industry companies participating in WTW's 2016 Canadian General Industry Executive Compensation Survey (adjusted for size) and large publically traded companies participating in WTW's 2016 U.S. Technology Executive Compensation Survey. Based on the Executive Compensation Review and Benchmarking, the Corporation's executive compensation was benchmarked around market median (50th percentile) and around the 75th percentile for incentive targets.

In connection with the Executive Compensation Review and Benchmarking, WTW also conducted a review of and made certain recommendations regarding the adoption by the Corporation of share ownership guidelines for its executives and directors.

The total fees billed by WTW in 2016 in connection with the Executive Compensation Review and Benchmarking were CDN\$48,000.

As a result of the recommendations of the Executive Compensation Review and Benchmarking, in February 2017 the Board approved certain changes to the Corporation's compensation program for NEOs and directors, including changes to the NEO bonus plan and the compensation of directors and the adoption of share ownership guidelines for NEOs and directors (the "2017 Compensation Program"). The changes adopted by the Board as part of the 2017 Compensation Program are discussed below in more detail.

Compensation Discussion and Analysis

The objectives of the Corporation's compensation program for the NEOs are to: (i) attract, motivate and retain high performing senior executives, (ii) align the interests of the NEOs with those of the Corporation's shareholders, (iii) establish an objective connection between NEO compensation and the Corporation's financial and business performance, and (iv) incent the NEOs to continuously improve operations and execute on corporate strategy. The NEO compensation program is therefore designed to reward the NEOs for: (i) increasing shareholder value, (ii) achieving corporate performance that meets pre-defined objective criteria, and (iii) improving operations and executing on corporate strategy.

The NEO compensation program consists of three components: (i) base salary, (ii) short-term incentives, and (iii) long-term incentives. Each component has a different function, as described below, but all elements work together to reward the NEOs appropriately for personal and corporate performance.

Base Salary

Base salaries are considered an essential element in attracting and retaining the Corporation's senior executives and rewarding them for corporate and individual performance. Base salary is determined using the following considerations: (i) the median salary offered for a comparable position at comparable companies, (ii) the Corporation's recent financial and business performance, (iii) recent individual performance, and (iv) retention.

Corporate and personal performance is assessed using the same criteria discussed below for the Corporation's short-term incentive plan.

Base salaries are reviewed annually and any increase to the CEO's base salary must be specifically approved by the HRCGC and by the Board as part of its oversight over the total compensation paid to the CEO. The CEO is responsible for determining and approving any increase in salary for the other NEOs.

Short-Term Incentives

Bonus Plan

In 2012, the Corporation adopted an annual incentive program to provide all employees, including the NEOs, with the opportunity to receive annual cash bonuses based on operational goals and corporate performance. The bonus program is designed to align the financial interests and personal motivations of employees with the interests of the Corporation which are represented by measurable performance measures. The Board has the discretion to award bonuses to NEOs in the absence of NEOs satisfying the performance criteria associated with receipt of said bonuses. The Board did not exercise this discretionary power in respect of any NEO bonus paid or payable in fiscal 2016.

Each NEO is eligible to receive an annual bonus amount under the bonus plan equal to a percentage of base salary. The annual percentage bonus level for each NEO is based on the achievement of certain team performance goals for that NEO and corporate performance goals that are common to all of the NEOs. Performance goals include goals based on financial metrics (such as Gross Margin and EBITDA) as well as goals related to furthering the Corporation's strategic agenda. Performance of each goal is

measured relative to a target level and payout on that goal is based on actual performance relative to the target level. Each NEO has an overall target bonus level as a percentage of salary and each goal is weighted based on its relative importance. For 2016, the overall target bonus level for the NEOs is set forth in the table below:

Name	Bonus Level as % of Salary
Robert MacLean	50
Christopher Barnard	40
Michael D'Amico	35
Peter Lockhard	40
Owen Tran	35

For 2016, each NEO's bonus was based on achievement of a basket of weighted performance goals comprised of certain operational performance goals within their functional area of responsibility and internal corporate performance measures.

As part of the 2017 Compensation Program approved by the Board commencing in 2017, the Corporation will no longer pay annual bonuses to the NEOs in cash. Instead, NEOs are now eligible to receive an annual bonus in the form of grants of restricted share units ("RSUs") under the Corporation's ESUP (as defined below). Any such grants shall vest immediately and will be subject to the terms and conditions of the ESUP.

Long-Term Incentives

Stock Option Plan

All NEOs are eligible for stock option grants under the Corporation's 2016 Stock Option Plan. Participation in the 2016 Stock Option Plan is considered to be a critical component of compensation that incents the NEOs to create long-term shareholder value. The 2016 Stock Option Plan is also considered to be a critical element in attracting, motivating and retaining senior executives.

Each NEO is eligible for an annual option grant that is approved by the Board, based on the recommendation of the HRCGC. The number of stock options granted to NEOs is based on a percentage of base salary. Previous grants of stock options to an NEO are taken into account when considering new grants.

Standard stock option awards under the 2016 Stock Option Plan are granted at market value in either Canadian dollars or U.S. dollars, vest at the discretion of the Board and expire no later than the tenth anniversary of the grant date. In the event of a change of control of the Corporation, the Board may accelerate the vesting of all unvested options such that they become immediately exercisable. From time to time, stock option awards may be granted with non-standard terms to achieve certain objectives.

Employee Share Unit Plan

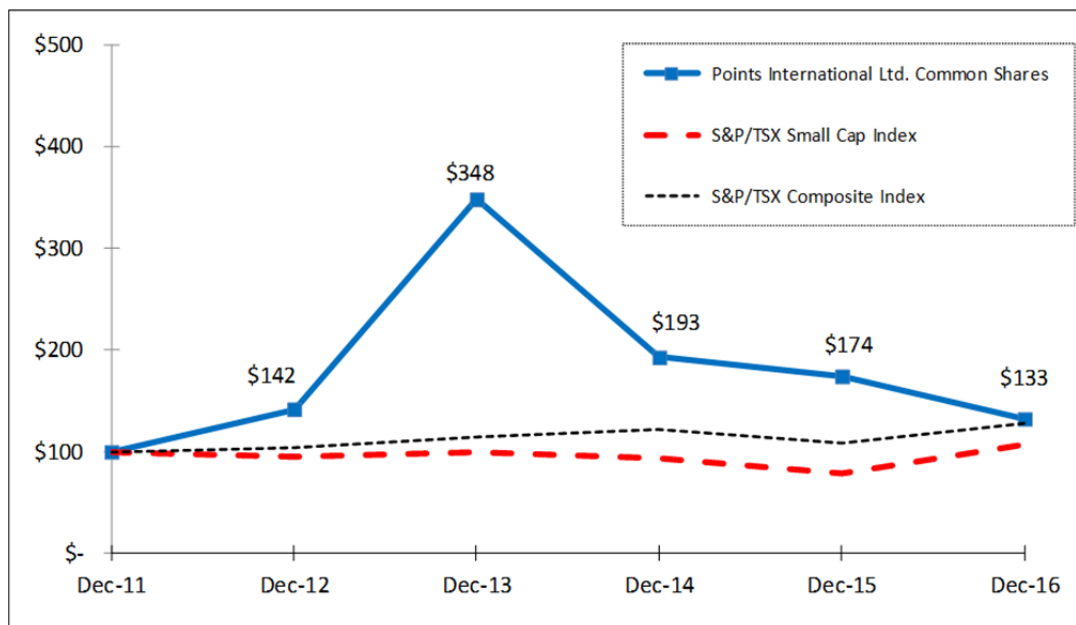

All NEOs are eligible for grants under the Corporation's Employee Share Unit Plan (the "ESUP"). The ESUP has been established to: (i) promote alignment of interests between employees and the shareholders of the Corporation; (ii) associate a portion of employees' compensation with the returns achieved by shareholders of the Corporation; (iii) attract and retain employees with the knowledge, experience and

expertise required by the Corporation, and (iv) provide employees with a total compensation which is competitive with that of those in similar positions where the Corporation competes for talent. The Board administers the ESUP. Grants to NEOs under the ESUP are based on a percentage of base salary and the participant receives a number of share units equal to the grant value divided by the weighted average market volume of the common shares of the Corporation for the five (5) days prior to the date of the grant. On vesting, share units are settled through common shares delivered from a share purchase trust. The Corporation funds the share purchase trust with sufficient cash to enable the trust to purchase in the open market the common shares necessary to satisfy the grants made to participants. No common shares are issued from treasury in connection with the ESUP. The trustee of the share purchase trust is Computershare who acts as an independent third party and administers the assets of the trust.

Standard ESUP grants have a vesting schedule such that one third of the ESUP grant vests on each of the first three anniversaries of the grant date. All NEO ESUP grants immediately vest in full on a change in voting control of the Corporation. From time to time, ESUP awards are granted with non-standard terms to achieve certain objectives. As noted above, as part of the 2017 Compensation Program, NEOs are now eligible to receive an annual bonus in the form of grants of RSUs under the ESUP that vest immediately.

Performance Graph

The following graph and table below compares the total cumulative shareholder return for the common shares with the cumulative returns of two Toronto Stock Exchange (“TSX”) indices for the same period, for the five most recently completed financial years, assuming an initial investment in common shares of CDN\$100 on December 31, 2011.

	Dec. 31, 2012	Dec. 31, 2013	Dec. 31, 2014	Dec. 31, 2015	Dec. 31, 2016
Common Shares	\$141.9	\$348.3	\$192.9	\$174.2	\$132.5
S&P/TSX Small Cap Index	\$95.1	\$99.3	\$94.1	\$79.2	\$107.0
S&P/TSX Composite Index	\$104.0	\$113.9	\$122.4	\$108.8	\$127.9

The NEOs direct compensation is not based on performance of the Corporation's share price and therefore the NEOs total compensation may not compare to the trends shown in the graph above. Changes to NEO total compensation have been made over the past several years to reflect market competitive compensation for similarly situated companies.

Compensation of Directors

For 2016, Directors who were not also executive officers (“**Outside Directors**”) were paid an annual retainer in accordance with their level of participation. Outside Directors do not receive per meeting fees.

	Annual Retainer Chair (CDN\$)	Annual Retainer Non Chair (CDN\$)
Board of Directors	83,500	50,000
Audit Committee	18,000	10,000
Human Resources and Corporate Governance Committee	11,000	7,500

Outside Directors’ compensation for 2016 was paid in cash and in stock option grants. Annual retainer fees were paid 50% in cash and 50% in stock options under the Legacy Stock Option Plan and the 2016 Stock Option Plan with standard terms (*i.e.*, equal vesting over three years and five year expiration) and immediately vest in full upon a change in voting control of the Corporation. The option component of the compensation is typically granted annually in advance during the first quarter of the Corporation’s fiscal year. The specific number of options granted is determined through use of a Black Scholes valuation in accordance with accounting fair value. Outside Directors are reimbursed for reasonable out-of-pocket expenses for attending Board and committee meetings in person.

As part of the 2017 Compensation Program approved by the Board, the Corporation will no longer pay any portion of the Outside Directors’ compensation in stock option grants. Instead, commencing in March, 2017 annual retainer fees will now be paid 50% in cash and 50% in RSUs under the ESUP with vesting in full on the first anniversary of the grant date and immediately vesting in full upon a change in voting control of the Corporation. The RSU component of the compensation will be granted annually in advance during the first quarter of the Corporation’s fiscal year. In addition, any outstanding unvested stock options previously granted to the Outside Directors as part of their compensation for prior years will be subject to accelerated vesting in March, 2017.

Share Ownership Guidelines

To more closely align the members of the Board and certain members of senior management with the interests of shareholders, as part of the 2017 Compensation Program the Board approved a share ownership policy.

The share ownership policy requires directors, NEOs and certain other members of senior management to own, directly or indirectly, a minimum number of common shares and/or RSUs based on targets varying by position level. The directors and members of senior management subject to the policy are required to achieve the ownership requirements by the fifth anniversary of the date that such individuals first become subject to the policy. The following table sets forth the ownership requirements for the directors and the NEOs:

Position	Ownership Requirement
Chief Executive Officer	3 times base salary
Other NEOs	1 times base salary
Outside Directors	3 times annual retainer

For purposes of determining compliance with the ownership requirements, ownership levels will be calculated annually as at December 31 based on the volume weighted average price of the common shares on the TSX for the five consecutive trading days immediately prior to the applicable calculation date.

The current directors and NEOs of the Corporation have until February 7, 2022 to meet the applicable ownership requirements.

Summary of 2016 Stock Option Plan

On March 2, 2016, the Board adopted a new stock option plan (the “**2016 Stock Option Plan**”) for directors, employees and consultants which was approved by shareholders at the Corporation’s 2016 annual and special meeting of shareholders. The 2016 Stock Option Plan replaces the Legacy Stock Option Plan (see discussion below), and no new options will be able to be granted under the Legacy Stock Option Plan.

Pursuant to the 2016 Stock Option Plan, the Corporation may grant options (“**Options**”) for the purchase of common shares to any employee, director or consultant of the Corporation or any of its affiliates. Consistent with prior plans, the purpose of the 2016 Stock Option Plan is to attract, retain and reward individuals who are expected to contribute significantly to the success of the Corporation and its affiliates, to incentivize such individuals to perform at the highest level, to strengthen the mutuality of interests between such individuals and the Corporation and, in general, to further the best interests of the Corporation and its shareholders. The number of common shares available for issuance under the 2016 Stock Option Plan shall not exceed the greater of: (i) 1,529,860 (being 10% of the common shares issued and outstanding on March 2, 2016); and (ii) 10% of the common shares issued and outstanding on any date after March 2, 2016, in each case (A) less the number of common shares issuable under awards granted under all other security based compensation arrangements of the Corporation, (B) subject to the “evergreen” features of the 2016 Stock Option Plan described below and (C) the ability of the Board to make appropriate adjustments under the anti-dilution provisions of the 2016 Stock Option Plan. The maximum number of common shares issuable to insiders, at any time, under the 2016 Stock Option Plan and all other security based compensation arrangements of the Corporation is 10% of the Corporation’s total issued and outstanding common shares, and the number of common shares issued to insiders within any one-year period under the 2016 Stock Option Plan and all other security based compensation arrangements of the Corporation may not exceed 10% of the then issued and outstanding common shares of the Corporation.

Taking into account the number of common shares subject to outstanding options under the Legacy Stock Option Plan, the total number of common shares presently available for grant under the 2016 Stock Option Plan is 805,865 (representing 5.42% of the currently issued and outstanding common shares). Every three years after May 5, 2016, all unallocated common shares under the 2016 Stock Option Plan will be submitted for approval to the Board and thereafter the shareholders of the Corporation. As of the date of this Circular: (i) 32,093 common shares, representing 0.22% of the currently outstanding common shares, have been issued under the 2016 Stock Option Plan; and (ii) the total number of common shares issuable pursuant to outstanding options is 723,995, representing 4.87% of the currently outstanding common shares.

Any common shares that are subject to an Option or an option granted under any other security based compensation arrangement of the Corporation that is exercised, expires, is forfeited, is settled, is cancelled or terminated, and any common shares representing the difference between the number of shares in respect of which Option is exercised in accordance with the “cashless exercise” provisions of the 2016 Stock Option Plan and the number of shares required to be issued upon such exercise under those provisions, will again become available for grant under the 2016 Stock Option Plan. As a result of the features described above in this paragraph, the 2016 Stock Option Plan is considered to be an “evergreen” plan.

The exercise price of the Options is fixed by the Board at the grant date and may not be less than the “market price” on the date of the grant as determined in accordance with the 2016 Stock Option Plan and applicable stock exchange rules. Options vest at the discretion of the Board, which vesting schedule is generally fixed at the time of the grant by the Board. Options granted under the 2016 Stock Option Plan may have a term of up to 10 years, subject to an extension of the scheduled expiry date in the event the option would otherwise expire during a “blackout period” to the 10th business day following the expiration of the “blackout period”. Options granted under the 2016 Stock Option Plan are not transferable or assignable, other than in the case of death as set out in the 2016 Stock Option Plan. The 2016 Stock Option Plan allows for the cashless exercise of Options upon surrender of an Option, or any portion thereof, in lieu of exercising the same, if the holder of the Options (a “**Holder**”) so elects.

Unless otherwise permitted by the Board, upon (i) in the case of an employee that is a Holder, termination of such Holder’s employment for any reason other than for cause (including voluntary resignation, retirement or death), (ii) in the case of a director of the Corporation that is a Holder, such Holder ceasing to hold office as a result of removal by the shareholders or voluntary resignation and (iii) in the case of a consultant of the Corporation that is a Holder and whose consulting agreement or arrangement with the Corporation is terminated for any reason other than for breach or default of the consulting agreement or arrangement (including voluntary termination or death), any unvested Options held by the Holder as at the termination date immediately expire and all vested options held by the Holder as at the termination date may be exercised until the earlier of: (A) the expiry date of the Options; or (B) 90 days after the termination date (provided that the termination is not due to criminal act, or in the case of a director, breach of fiduciary duty, as applicable, in which case all vested Options will immediately expire), after which time all Options will expire. Unless otherwise permitted by the Board, upon termination of a Holder’s employment for cause or termination of a Holder’s consulting agreement or arrangement with the Corporation for breach or default of the consulting agreement or arrangement, all Options (whether vested or unvested) held by the Holder as at the termination date immediately expire.

In the event of a “change of control” of the Corporation, the Board may, in its discretion, accelerate the vesting of all unvested Options such that they become immediately exercisable and, if requested by the Holder, the Corporation will pay each Holder an amount in cash equal to the whole number of common shares covered by the holder’s Options multiplied by the amount by which the price paid for a common share pursuant to the change of control transaction exceeds the exercise price of the Options, net of any

withholding taxes and source deductions. The Corporation will pay the foregoing amounts contemporaneously with completion of the transaction resulting in the change of control.

The 2016 Stock Option Plan specifies the types of amendments to the provisions of the 2016 Stock Option Plan and any Option granted thereunder that will and will not require the approval of shareholders in order to be effective. Subject to those amendments which specifically require shareholder approval (described below) and any required regulatory approval, the Board may amend the 2016 Stock Option Plan and any outstanding Option without the consent of shareholders for any purpose, including, without limitation, to: (i) ensure continuing compliance with applicable laws, regulations, requirements, rules or policies of any governmental or regulatory authority or stock exchange; (ii) amendments of a “housekeeping” nature, including amendments relating to the administration of the 2016 Stock Option Plan or to eliminate any ambiguity or correct or supplement any provision herein which may be incorrect or incompatible with any other provision thereof; (iii) change the vesting and exercise provisions of the 2016 Stock Option Plan or any Option in a manner which does not entail an extension beyond the originally scheduled expiry date for any applicable Option, including to provide for accelerated vesting and early exercise of any Options deemed necessary or advisable in the Board’s discretion; (iv) change the termination provisions of the 2016 Stock Option Plan or any Option which, in the case of an Option, does not entail an extension beyond an Option’s originally scheduled expiry date; (v) change the provisions on transferability of Options for normal estate settlement purposes; (vi) change the process by which a Holder who wishes to exercise his or her Option can do so, including the required form of payment for the Common Shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered; and (vii) add a conditional exercise feature which would give participants the ability to conditionally exercise in certain circumstances determined by the Board in its discretion, at any time up to a date determined by the Board in its discretion, all or a portion of those Options granted to such participants which are then vested and exercisable in accordance with their terms, as well as any unvested Options which the Board has determined shall be immediately vested and exercisable in such circumstances.

In addition to such amendments as may require shareholder approval under applicable laws, the approval of shareholders will be required for the following amendments, in each case unless the amendment results from the application of the anti-dilution provisions of the 2016 Stock Option Plan: (i) any amendment to the amendment provisions of the 2016 Stock Option Plan which is not an amendment within the nature of paragraphs (i) or (ii) in the preceding paragraph requiring the approval of the Board only; (ii) any amendment to increase the maximum number of common shares issuable under the 2016 Stock Option Plan; (iii) any amendment that would reduce the option price of an outstanding Option (including a cancellation and reissue of an Option constituting a reduction in the option price) or extension of the period during which an Option may be exercised; (iv) any amendment to remove or exceed the plan limits described herein; (v) any amendment to expand the eligibility criteria under the 2016 Stock Option Plan; and (vi) any amendment to the provisions of the 2016 Stock Option Plan that would permit Options to be transferred or assigned other than for normal estate settlement purposes.

Summary of the Legacy Stock Option Plan

The Corporation has maintained a stock option plan (the “**Legacy Stock Option Plan**”) to provide certain directors, officers, employees and service providers with an increased incentive to contribute to the future success and prosperity of the Corporation. The Board and management believe that the Legacy Stock Option Plan and the incentive provided thereby was an important tool in enhancing the value of the Corporation for the benefit of all shareholders and increased the ability of the Corporation to attract and retain individuals of exceptional skill.

As at December 31, 2016, the maximum number of common shares issuable under the Legacy Stock Option Plan was 2,250,000, representing 14.70% of the then outstanding common shares. As of the date of this Circular: (i) 1,206,258 common shares, representing 7.88% of the currently outstanding common shares, have been issued under the Legacy Stock Option Plan in respect of exercised options; and (ii) the total number of common shares issuable pursuant to outstanding options is 691,902, representing 4.65% of the currently outstanding common shares.

In connection with the approval of the 2016 Stock Option Plan, the Legacy Stock Option Plan was closed by the Board and all future grants of stock options will be made pursuant to the 2016 Stock Option Plan. The Legacy Stock Option Plan will remain in effect only in respect of options granted and outstanding under it.

The exercise price of options issued under the Legacy Stock Option Plan were fixed by the Board at 100% of the "Market Value" or such higher amount as the Board determined appropriate. "Market Value" is defined in the Legacy Stock Option Plan as the volume weighted average trading price of the common shares (calculated by dividing the total value by the total volume of common shares traded for the relevant period) on the TSX for the five consecutive trading days ending immediately on the trading day prior to the grant date.

The maximum term of each option granted under the Option Plan is ten years and, in practice, the Board typically set a five year term. The typical vesting schedule was set so that one third of the option grant vests on each of the first three anniversaries of the option grant date; however, in exceptional circumstances the Board set different vesting periods or conditions including performance based vesting conditions. Options granted to directors, officers and director level employees under the Legacy Stock Option Plan vest immediately upon a change of voting control of the Corporation.

Generally, where an employee is terminated for cause or voluntarily resigns, the options granted to them under the Legacy Stock Option Plan terminate immediately upon the termination of employment. In most other circumstances, options granted under the Legacy Stock Option Plan will terminate 90 days after an individual ceases to be an officer, director, employee or service provider. Options that were granted under the Legacy Stock Option Plan may not be assigned or transferred and, except in the case of the death of a Participant, are exercisable only by the Participant.

The Board may amend the Legacy Option Plan or any option outstanding thereunder at any time in its absolute discretion without the approval of the shareholders of the Corporation, including but not limited to, to introduce the following: a change in the process by which a participant in the Legacy Stock Option Plan who wishes to exercise his or her option can do so, including the required form of payment for the common shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered; a change to the termination provisions for the Legacy Stock Option Plan or for an option so long as the change does not otherwise contravene any other provision of the Legacy Stock Option Plan; a change to the terms of the Legacy Stock Option Plan relating to the effect of termination, cessation or death of a participant thereunder on the right to exercise options; a change to provisions on the transferability of options for normal estate settlement purposes; housekeeping changes (such as a change to correct an immaterial inconsistency, clerical error, omission or a change to update an administrative provision); and a change deemed necessary or desirable to comply with applicable law or regulatory requirements.

Notwithstanding the foregoing, the following amendments to the Legacy Stock Option Plan or to an option outstanding at any time shall be made only upon requisite approval by the shareholders of the Corporation: reducing the strike price of an outstanding option (including a cancellation and re-grant of an option, constituting a reduction of the exercise price of an option); amending the Legacy Stock Option

Plan to permit the grant of an option with an expiry date beyond the maximum term allowed under the Legacy Stock Option Plan or amending the applicable period from the expiry date of a blackout period to the expiry date of an option; changing the provisions relating to the transferability of options except if the transfer is for normal estate settlement purposes; and extending the term of an option held by an insider; unless the change results from application of the anti-dilution provisions of the Legacy Stock Option Plan.

In identifying and considering potential candidates for executive appointments, the Board may consider factors such as years of service, regional background, merit, experience and qualification as well as diversity. Accordingly, the Board does not set specific gender representation targets when identifying potential candidates to executive officer positions, but does consider diversity where possible.</p>
